Flower Show School is a comprehensive program that teaches all you need to know about judging, entering, competing, and chairing an NGC flower show. There are four courses each scheduled over a 2-3 day period, and each with a specific curriculum that includes horticulture, design, and flower show procedure (FSP). If you are considering becoming a flower show judge, planning to chair a flower show, or simply want to learn more, your first step is to attend **Course I**. Subjects are taught by qualified instructors and outlines will be provided.

Interested in learning more about flower shows? Visit our [NGC FLOWER SHOWS PAGE](#) on the **NGC website** www.gardenclub.org

Examples of horticulture and design are displayed and critiqued. Learn point-scoring to evaluate how entries are judged and see what it takes to get the blue ribbon. Learn about awards, types of shows, and what committees are needed to produce a show. We invite you to join this unique experience and become an active part of flower shows. See the *NGC Handbook for Flower Shows* and all related forms on our website.

All local garden clubs are encouraged to sponsor and provide registration for at least one member. Pre-registration required.
