

Green and Clean - a GCA Flower Show on March 10-12, with exhibitors needed for Flower Design, Horticulture, and Photography. This show celebrates what makes ARKANSAS the Natural State, while educating our community about the importance of preserving Fourche Creek, a critical and vulnerable urban watershed, and continuing the legacy of anti-littering activism by the founders of our club.

The annual Community Gardening Lecture will be on February 28, 2026. Location and times to be announced but will most likely be at 10AM and hopefully again at Second Presbyterian Church off of Pleasant Valley Drive in Little Rock. The speaker has not been announced.
